My spiritual check this weekend showed that:

- 35 Only PDP's fall and disintegration will give Buhari an automatic edge and massive success
- 36 Of course PDP is slowly and surely heading to that self defeat due to EGO issue, OBJ factor, in-house fighting, court cases, and mass exodus. PDP to be exposed this Christmas as killers of Bola Ige etc will be unveiled by Lagos Newspapers/Magazines. Governors and PDP delegates to face fear of official harassments from state to state
- 37 Buhari, Tinubu and Orji to pray so they can see handover alive if PDP fall or disintegrate because attacks and counter attacks by Buhari lovers carried out by friends and foes in Government awaiting them
- 38 PDP gradually moving towards loosing in some states but overall result will still favor the PDP due to reasons Nigerians are aware of and possible intervention by hijackers in military
- 39 Expect financial breakthrough from 8th to 18th of December 2010
- 40 Expect surprising calls that will change your present status from Presidency and three (3) other individuals immediately
